Job offer: Executive Secretary, full-time

Limit date for application: 8th of November 2021 – postponed to 14th of November

RIPESS (http://www.ripess.org) is a global network of continental networks committed to the promotion of Social Solidarity Economy. The member networks themselves (Latin America and the Caribbean, North America, Europe, Africa, Asia and Oceania) bring together national and sectorial networks, thus ensuring strong territorial anchoring. The combined local and global scope gives RIPESS legitimacy to promote SSE, foster intercontinental cooperation, and advocate at different levels.

The inherent nature of RIPESS includes the objective of contributing to systemic, transformative change. It does this by demonstrating how much SSE contributes in terms of real transformative answers at local level to the existing system that is clearly showing its limits. RIPESS members believe in the importance of the globalisation of solidarity, and the ability to create collective and community rather than individual wealth build and strengthen an economy that places people and planet at the centre of its activities. It is also deeply anchored in a human rights-based approach.

This year RIPESS adopted a new form of international coordination and strategic plan for the 2021-2023 period (see HERE). The two main axes of the plan take both the context, as well as the priorities, needs and visions of the different SSE continental and sectorial member networks into account:
